DETAILED ACTION

Allowable Subject Matter

Claims 1 – 9, 27 – 34, 60 – 62, and 65 – 67 are allowed.

The following is an examiner's statement of reasons for allowance: Claim 1 recites a very narrow band two chamber high repetition rate gas discharge laser system structure including the specific structure limitation of *first and second gas lasers, first and second elongated spaced apart electrodes a first and second discharge, a first and second fans producing sufficient gas movement of the first and second laser gas in the first and second discharge region to clear from the first and second discharge regions, following each pulse discharge, substantially all discharge produced ions prior to a next discharge when operating at a discharge repetition rate in the range of 4,000pulse per second or greater and a second heat exchanger and a pulse power system providing electrical pulse to the first pair of electrodes and to the second pair of electrodes sufficient to produce first and second layer output light pulse at rate of about 4,000 laser output light pulse per second with controlled pulse energies comprising; a DC power supply a first and second commentator module comprising; a first and second charging capacitor electrically connected to the DC power supply; first and second switch periodically switching periodically switching the energy stored on the first charging*

capacitor into a first and second pulse compression circuit electrically connected to the first and second charging capacitor; a first and second multi-core fractional turn voltage step-up transformed electrically connected to the first pulse compression circuit which is neither anticipated or disclosed nor suggested in any piece of available prior art, which is neither anticipated nor obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
